

**UTAH HUMANITIES**  
Ideas in Action

## **Script for Contacting Elected Officials**

Save Utah Humanities

As your constituent, I'm **[calling/writing]** to urgently ask for your support in reversing the Department of Government Efficiency's (DOGE) decision to terminate Utah Humanities' NEH grant.

Utah Humanities has provided vital cultural services and critical funding to local nonprofit organizations across the state for 50 years.

**[Include something you value about Utah Humanities here, such as how programs have strengthened your community, promoted civil conversations, encouraged local heritage work, offered education programs to youth and adults, etc.]**

The loss of NEH funding to Utah Humanities will decimate their ability to serve communities across our state, eliminating programs that are essential to our cultural infrastructure.

Again, I urge you to protect Utah Humanities and our state's cultural infrastructure.
